

BABYLON
PUMP & POWER LTD

ANNUAL GENERAL MEETING INVESTOR PRESENTATION

30th NOVEMBER 2021

(ASX:BPP)

IMPORTANT NOTICE AND DISCLAIMER

This presentation has been prepared by Babylon Pump & Power Limited (“**Babylon**”) (ASX: BPP) for information purposes only.

This presentation is not a product disclosure statement or prospectus for the purposes of the Australian *Corporations Act 2001* (Cth), nor does it constitute financial product or investment advice or a recommendation, offer or invitation by any person or to any person to sell, purchase or otherwise invest in securities in BPP in any jurisdiction. Neither this presentation nor anything in it shall form the basis of any contract or commitment.

This presentation contains general information only and does not take into account the investment objectives, financial situation and particular needs of individual investors. Investors should make their own independent assessment of the information in this presentation and obtain their own independent advice from a qualified financial adviser, lawyer, accountant, tax or such other adviser as considered appropriate having regard to their objectives, financial situation and needs before taking any action.

The information in this presentation includes historic information about the performance of BPP and securities in BPP. That information is historic only, and is not an indication or representation about the future performance of BPP or securities in BPP. You should not place undue reliance on any such information.

No representation or warranty, express or implied, is given as to the accuracy, completeness, reliability or adequacy of any statements, estimates, opinions or other information, or the reasonableness of any assumption or other statement, contained in this presentation. Nor is any representation or warranty, express or implied, given as to the accuracy, completeness, likelihood of achievement or reasonableness of any forecasts, forward-looking statements or potential returns contained in this presentation. Forward-looking statements include, but are not limited to, information which reflects management’s expectations regarding BPP’s future growth, results of operations (including, without limitation, capital expenditures), performance (both operational and financial) and business prospects and opportunities. Often, forward-looking statements include words such as “plans”, “expects” or “does not expect”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates” or “does not anticipate” or “believes” or variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “would”, “might” or “will” be taken, occur or be achieved.

Forecasts, forward-looking statements or potential returns only reflect subjective views held by BPP, and are based on certain assumptions made by BPP, as at the date specified in the relevant information and are by their nature subject to significant uncertainties and contingencies, many of which are outside the control of BPP. Although management believes that the assumptions made and the expectations represented by such information are reasonable, there can be no assurance that forward-looking statements will prove to be accurate. Actual events and results may vary from the events or results expressed or implied in such statements. Given these uncertainties, you should not place undue reliance on any such statements

Subject to any continuing obligations under applicable law or any stock exchange listing rules, in providing the information in this presentation, BPP does not undertake any obligation to publicly update or revise any forward-looking statements or to advise of any change in events, conditions or circumstances on which any such statement is based.

To the maximum extent permitted by law, BPP and its related bodies corporate, directors, officers, employees, advisers and agents disclaim all liability and responsibility (including without limitation any liability arising in negligence, statute or otherwise) for any direct or indirect loss or damage which may arise or be suffered by any person through use or reliance on anything contained in, or omitted from, this presentation. An investment in BPP securities is subject to investment and other known and unknown risks, some of which are beyond the control of BPP. BPP does not guarantee any particular rate of return or the performance of BPP securities.

The distribution of this presentation including in jurisdictions outside Australia, may be restricted by law. Any person who receives this presentation must seek advice on and observe any such restrictions.

A RAPIDLY GROWING SPECIALIST MINING SERVICES PROVIDER

Delivering multiple specialised and complementary offerings to the resource sector, all with high barriers to entry

Speciality Rental

- Supply of speciality diesel driven pumping and power generation equipment
- Mine water management, high pressure pumping and remote power

BABYLON CORE BUSINESSES

Diesel Maintenance

- Specialists in large Caterpillar and Cummins engines and complete modules for electric driven machines
- Maintenance and rebuild services for large diesel engines and heavy components

Speciality Industrial Services

- Protective coatings and vacuum loading for controlled collection of waste
- Water and abrasive blasting for routine cleaning and shut down preparation

- Over 25 years' experience in the mining, energy and industrial sectors
- Previously General Manager of Equipment Solutions at BTP, one of Australia's largest suppliers of heavy mobile mining equipment.
- Has served as Business Development Manager for TSX-listed remote workforce facilities provider Black Diamond Group
- General Manager of Australian and Indonesia-focused power and water services group Resource Equipment Limited.

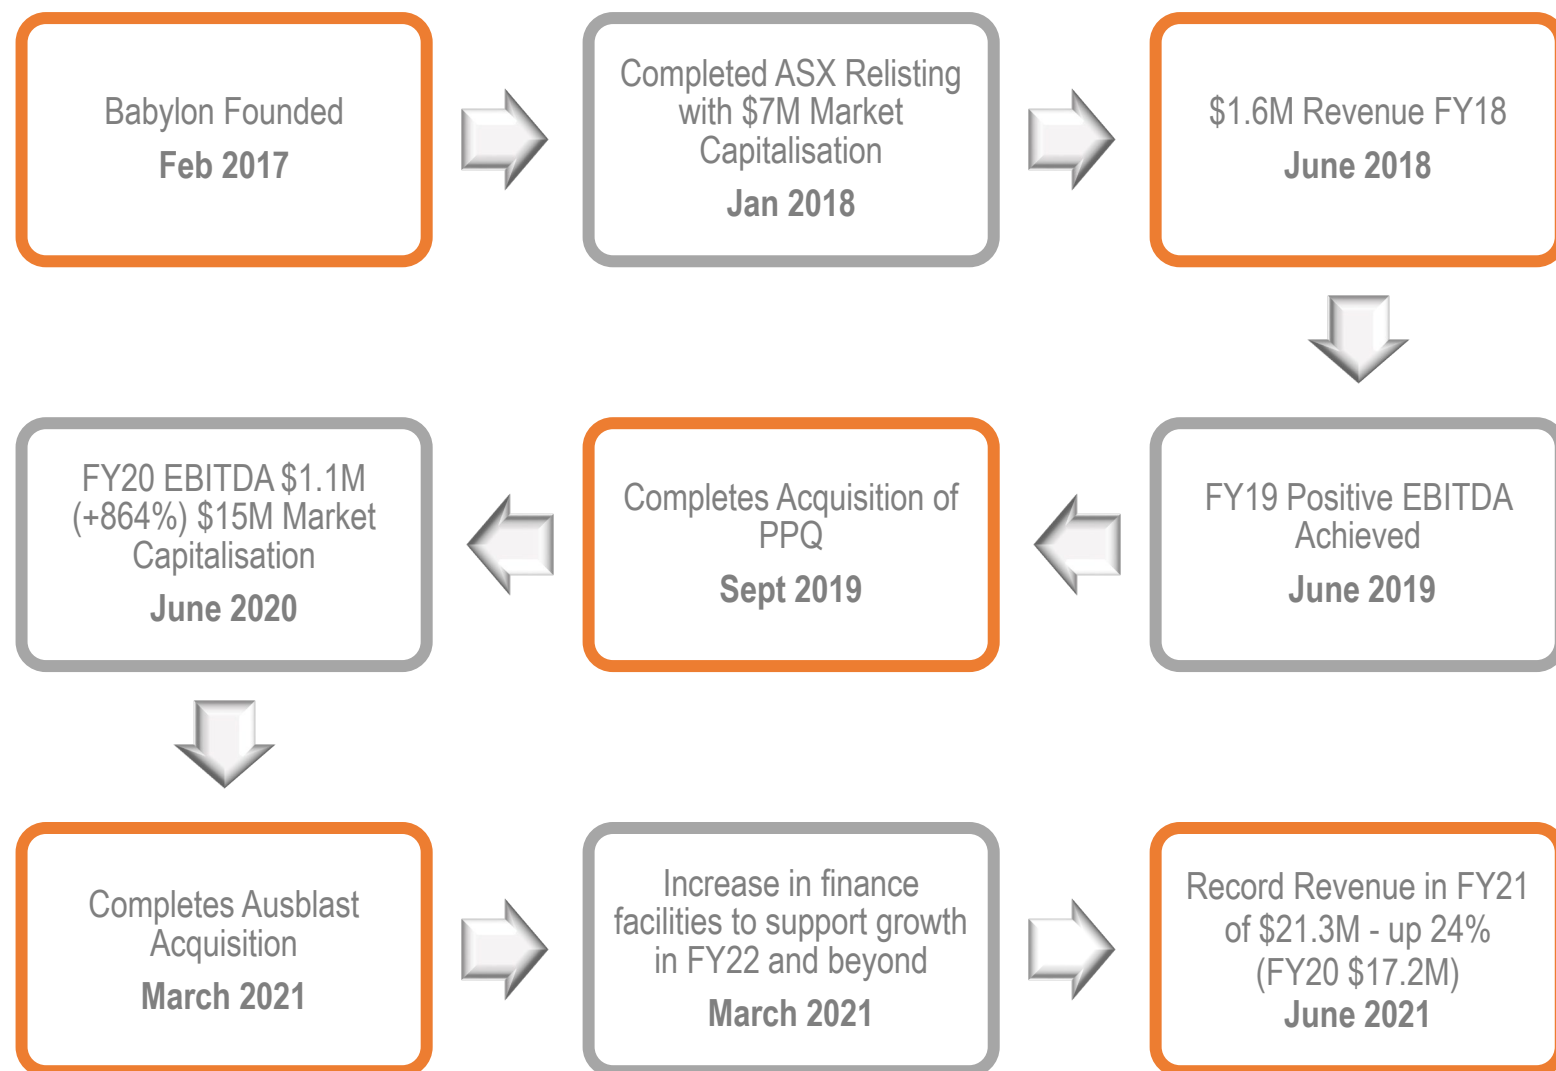

GROWING TIER 1 CLIENT BASE

Babylon services the iron ore, gold, nickel, and oil & gas sectors with significant opportunities in infrastructure, alternative energy and other commodities in Western Australia and in Queensland through its subsidiary Primepower QLD.

BPP JOURNEY - SIGNIFICANT MILESTONES

Organic Growth & Acquisitions to Multiply Market Cap in Coming Years

FY21 FINANCIAL PERFORMANCE

Record revenue driving towards scale

- Revenue from operations up 24% to \$21M

Return to quarterly positive operational cash flow

- Positive operational cash flow reported since Q4FY21

Increase in asset base to drive future profits

- Increase in assets by 33% to \$30M - positions the company for profitable future works

EBITDA across business units improving in FY22

- **Ausblast:** A slight negative contributor for its short tenure in FY21, FY22 EBITDA positive YTD
- **Babylon Operations:** Provided strong contribution of \$1.5M EBITDA
- **Primepower Queensland:** Management plan in place focused on turning around the negative \$1.3M FY21 result – service exchange program delivering revenue whilst centralization of services delivering efficiency and cost reduction

FY21 HIGHLIGHTS DRIVING FY22 GROWTH

Completed acquisition of assets from Tilbrook Ryder Investments Pty Ltd

- Rental assets mobilising through Primepower Queensland and increased asset utilisation to improve FY22 profitability

Completed acquisition of Pilbara Trucks Pty Ltd trading as Ausblast

- FY22 project wins for Ausblast will boost Industrial Services segment utilising existing assets
- Significant quoting to new and existing clients expected to further drive the segment in FY22 and beyond

Significant investment in core engines for diesel maintenance service exchange programs

- Positions Babylon for larger, more profitable contracts with recurring works
- Immediate benefit in FY22 from recent contract wins with future benefit forecast based on recurring works
- More service contracts with recurring work for top tier operators are in final negotiations

FY22 GROWTH PROSPECTS

1) SPECIALTY RENTAL

Growth Outlook

- Continued investment in FY21 in high horsepower pumps providing return in FY22 with greater asset utilisation
- Project win with Nickel West in FY22 providing unique evaporator solution for water management – potential for expansion
- Expanded rental footprint in Queensland with projects mobilising from Q1 FY22
- Further extension of Power Generation Contract with BHP Iron Ore

- Ongoing rental contracts at Barrow Island, BHP, FMG and Koolan Island providing steady return while contract engagement is providing for more site opportunities
- Dewatering assets acquired during the year deployed to Koolan Island under a long-term contract
- Air assets deployed long term to support drilling contractor
- Pump rental fleet expanding as component assets are assembled and readied for market H1FY22

2) DIESEL EQUIPMENT MAINTENANCE

Growth Outlook

- Record levels of enquiry with significant quotes for rebuild programs FY22-FY23 outstanding
- Service exchange engines completed in FY21 contributing to revenue in FY22 as multiple service exchange engines have secured customer commitments with repeat works
- Multi-year contract wins announced in early FY22 provide better visibility resulting in better efficiency

- Organisational improvements at Primepower QLD will centralise operational planning and back-office functions for savings and increased efficiency
- Investment in field service vehicles and personnel in FY22 has increased revenue and enhance frontline business development with increased site presence in WA & QLD

2) DIESEL EQUIPMENT MAINTENANCE

Recent Contract Awards

- Initiatives to secure long term recurring maintenance programs have resulted in recent project wins with Alcoa, Yancoal and Griffin to complement existing work with iron ore miners such as BHP, Rio Tinto, FMG and Citic Pacific.
- Recently announced long term contracts include:

Rio Tinto

- Secured contract for supply of offsite repair services for pumps and generators for multiple Rio Tinto sites
- Initial term of 3 years with 2-year extension

Alcoa

- Secured an extension of its existing on-site services and supply contract
- Extension is for 36-month term
- Previous term contributed circa \$3M annually

RioTinto

3) SPECIALTY INDUSTRIAL SERVICES

Growth Outlook

- Increasing asset utilisation is delivering results in early FY22 and high levels of client enquiry are positioning the segment for continued growth through FY22 and beyond as projects are confirmed
- Projects have expanded from traditional iron ore base to other minerals including lithium for FY22
- Multiple significant tenders and proposals are outstanding for works, positioning this business unit to become a significant contributor to group profit in FY22

- Asset valuation at completion resulted in \$1.8m gain offsetting goodwill in FY21
- Long lead times and high capex requirement for new assets present a high barrier to entry for others
- Dedicated Business Development Manager in place for FY22 to drive growth and diversification of client base

BABYLON - STRATEGY MOVING FORWARD

Ongoing organic growth with continued stakeholder support.
Expand rental and industrial services into QLD

Continue to expand asset base to maximise revenue opportunities in
higher margin specialty rental and industrial services

Securing material engine rebuild programmes and maintenance contracts
to underpin facility capacity

Continuously assessing further strategic acquisitions to support core
business

*Growing to
Maximise
Investor
Value*

POSITIVE OUTLOOK

Key growth drivers have not changed

- Market demand for asset maintenance and need for specialty solutions in resource sectors

Demand for specialty services & rental equipment increasing in FY22

- Existing specialty fleet will be utilised with new rental and specialty services project work in FY22 at gold, lithium and iron ore producers

COVID restrictions are increasing clients' lead time for replacement assets

- This provides a further incentive to rebuild existing equipment and rent specialty service equipment

Barrier to new entrants

- Equipment lead times coupled with high CAPEX requirement provide barrier for new entrants in specialty services

Domestic based workforce providing nationwide operational flexibility

- No cross-country or international FIFO workers, which has minimised workforce disruption from COVID travel restrictions

Continuing support of primary bank lender

- Increase in finance facilities completed in FY21 to support growth in FY22 and beyond

INVESTMENT HIGHLIGHTS

- ▶ **RECENTLY STRENGTHENED EXPERIENCED OPERATIONAL AND MANAGEMENT TEAM**
- ▶ **NEW CONTRACT WINS REINFORCED WITH RECORD ENQUIRY LEVELS DRIVING CONTINUED GROWTH**
- ▶ **INVESTED IN ASSETS TO SUPPORT FUTURE HIGHER MARGIN GROWTH**
- ▶ **INCREASING UPTAKE FROM SOME OF THE WORLD'S LARGEST MINING CLIENTS WHILE DIVERSIFYING COMMODITY EXPOSURE**
- ▶ **HIGH BARRIER TO ENTRY AND DELAYS FOR NEW ASSETS LIMITS NEW COMPETITORS**
